PROJECT
"WORLD IN SERBIA"
Scholarships for students from Non-Aligned Movement member states
and observer states in the academic year 2021/2022

Belgrade, August 2021

3. Project Description

3.1 Project Implementation Phases

The project envisages scholarships for citizens of NAM member states and observer states proposed by the governments of their countries, and is implemented in two phases:

In the **first phase** of the Project, scholarship holders attend an online Serbian language course (level A1). After successfully passing the test, upon arrival in the Republic of Serbia, the scholarship holders have an intensive 720-hours course of the Serbian language (one semester). Project scholarship holders who know Serbian do not attend the course, but take a test in Serbian as a foreign language in order to qualify for enrollment. Scholars of the Project who know the Serbian language, take the entrance exam in the September enrollment period and enroll in the desired studies of the academic year 2021/2022.

The project also provides the assistance of students - hosts, who will provide support to scholarship holders from their arrival at the airport, reception upon arrival in the country, and through support to perform all administrative, organizational and other needs of scholars in the period from their arrival to the Republic of Serbia until their enrollment in studies.

In the **second phase** of the Project, it is planned that the scholarship holders attend studies according to their interests, in accordance with the offered study programs in Serbian or teaching in Serbian with the possibility of consultations in English at higher education institutions founded by the Republic of Serbia, which are a part of the University of Belgrade, University of Novi Sad, University of Kragujevac and University of Niš.

3.2. Scholarship Structure within the Project

Within the Scholarship Project, the scholarships **include**:

“WORLD IN SERBIA” SCHOLARSHIP PROGRAM GUIDELINES

The Ministry of Education, Science and Technological Development of the Republic of Serbia as the Project carrier will provide support to the scholarship holders in connection with:

- Providing relevant information regarding the application to the desired studies;
- Providing support for the recognition of foreign secondary education documents as well as higher education documents;
- Organizing meetings with the Project Coordinator from the Ministry of Education as well as with the President of the Student Union of the Projects “World in Serbia”.

In the period in which students stay in the Student hotel “Radojka Lakic” in Belgrade, the Ministry of Education, as indicated in the Project Description, is responsible for translating the diplomas of all students into Serbian. The translation of student school documents is important because without it it is not possible to start the process of recognizing foreign high school documents as well as higher education documents. In accordance with that, all students (undergraduate, master’s or doctoral studies) must follow a certain procedure:

- Students who wish to enrol in undergraduate studies must, in addition to their original diplomas and original transcripts of all grades by school year with translations of the same, fill out the Application Form provided by the Qualification Agency.

Deadline is June 1st;

- Students who wish to enroll in master or doctoral studies must have (University of Belgrade);
- If the candidate is applying for enrollment in the master's academic studies, he / she submits, along with 2 completed applications for recognition (the application form is attached);
- 1. Two certified photocopies of the basic academic studies diploma and the diploma supplement;
- 2. Two copies of the translation of the diploma of basic studies and the supplement to the diploma (if you already sent this to us we will do it for you, if you not I urge you to do that ASAP);
- 3. Proof of the change of name or surname (if there was a change).
- If the candidate is applying for enrollment in doctoral academic studies, he / she submits, with 2 completed applications for recognition:

- 2. Two certified photocopies of the master degree diploma and the diploma supplement;
- 3. Two copies of the translation of documentation referred in the dots 1. and 2.
- 4. Proof of the change of name or surname (if there was a change).

Certification must be made by a notary public from the territory of the Republic of Serbia.

Deadline is June 1st.

We must emphasize that students who have completed their undergraduate studies, lasting three school years, in their countries may not be able to enrol in master's studies at universities in Serbia. In the Republic of Serbia, basic academic studies last 4 years, except at Faculty such as the Faculty of Mechanical Engineering, where basic academic studies last 3 years.

Students who have completed three years of undergraduate study may enrol in master's studies at Colleges and Academies that not fall under University. In order to avoid such situations, please adhere to the deadlines for submission of documents for the recognition of foreign higher education documents, **which is June 1st.**
